Vegas Facts

- It would take 288 years for one person to spend one night in every hotel room in Las Vegas.
- Shrimp consumption in Las Vegas is more than 60,000 pounds a day. That's higher than the rest of the country combined and adds up to 22 million pounds per year.
 - It's against the law to pawn your dentures in Las Vegas.
- The beam of light atop the Luxor in Las Vegas is made up of 39 individual lamps. Each xenon lamp costs \$1,200 and will last about 2,000 hours. The electric bill for the Luxor beam is \$51 an hour.
- More than 110,000 marriage licenses are issued in Las Vegas each year.
 - Average cost of filing for divorce in Nevada, in dollars 450

ORACLE CUSTOMER ADVISORY PANEL PROGRAM

Influence Oracle- See Results! Oracle's new customer advisory panels

In an effort to provide richer and timelier product feedback to the development teams Oracle is implementing a **advisory panel program**. Each Oracle product line will have a panel of customers invited to provide detailed product feedback.

Panelists will be periodically polled to:

- Understand product set levels
- Validate areas for improvement
- Help set future product direction

Representative panelist samples will be balanced by customer demographics, product releases and product families

Panels are sponsored by the General Managers with content tailored to support their organizations

Feedback from panelists will be provided to Oracle Development teams in a timely manner and trended against prior input

Results are incorporated into broader deliverables shared with the Oracle Executive Committee and Board of Directors

Panelists will **receive the following benefits** from joining the advisory panels:
